

Entry-Level Actuarial Position

The McKeogh Company is an actuarial consulting firm located in West Conshohocken, PA with principal interest in pension and health and welfare funds. We are looking for an entry-level actuarial candidate with strong communication and interpersonal skills to assist and learn from our experienced consulting actuaries. The new hire will work on teams to deliver consulting services on a range of projects involving pension and health plans. This position provides excellent opportunities for professional development and advancement.

Responsibilities may include:

- Assisting in the completion of Actuarial Valuations
- Reviewing, organizing and analyzing statistical data
- Drafting client communications
- Preparing benefit calculations
- Assisting with research projects including experience studies
- Reviewing study results to isolate trends, identify issues, and recommend changes
- Preparing government filings
- Actuarial exam progression

Candidates should have the following:

- Strong quantitative and analytical skills
- Strong time management skills
- Excellent communication skills (written and oral)
- Ability to work independently with a strong work ethic
- A bachelor's degree in Mathematics, Statistics, Actuarial Science or related discipline
- An intent to attain actuarial accreditation
- Proficiency in MS Office
- Experience with MS Access and programming knowledge is a plus

The McKeogh Company offers a competitive benefit package including profit-sharing and pension plans as well as an actuarial study program with salary increases at each SOA exam completion.

The McKeogh Company is an equal opportunity employer. All applicants will be considered for employment without attention to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran or disability status.

Any interested candidates should submit resumes and cover letters to Doris Lieb at doris.lieb@mckeogh.com.
